

THE MEMO

september 18th — september 24th

- Halloween — Make sure you order your Halloween Costumes this week to ensure you get what your kids (and you) actually want versus what is in stock, ships quickly, etc. Here are our favorite places to find the cutest Halloween costumes [THE BEST SHOPS TO FIND HALLOWEEN COSTUMES](#). If you're going to make costumes this year (BLESS YOU!), now is a great time to finalize what you'll be making and buy the supplies you need.

- Find The Fun — Go on a Hike and Enjoy the Fall Foliage ~ Nature is good for the soul. So, find a top-rated hike in your area to get outside and enjoy the seasonal weather. While you are at it, text your friends + family to find available weekends so you can get a date on the books.

- Home — Refresh Your Front Porch Planters ~ It's almost time to refresh your front porch pots. So start thinking and getting inspiration for what you want to do this season as you walk/drive around your neighborhood.

- Halloween — Take your decorations out of storage ~ It's time to get ready for Halloween Decorations. Head to your attic/storage room to pull out what you have to determine if/what you want to buy this year. Here are [the decorations on our must-have list](#).
