

THE WEEK AHEAD

april 2nd — april 8th

Easter — Hoppy (almost) Easter! — Holidays become even more fun with kids — and easter is an especially sweet holiday with kiddos. Enjoy putting together their EASTER BASKETS and creating that magic for them to enjoy on Easter morning. These are the moments you will all remember for years to come!

The Masters — Place Your Grocery Orders — We are all about ordering online for delivery or pick up to save time and frustration. Place your grocery and drinks order for pick up or delivery on Friday/Saturday.

Easter — Plan your Menu — Start to think about your Easter menu + order any special ingredients. How delicious does this SIMPLE EASTER BRUNCH sound? And how about this SWEET AND JUICY EASTER HAM and these CREAMY-DEVEILED EGGS for dinner?

Home — Order HVAC Filters — Check your supply, do you need to order more HVAC filters? It's almost time to do this 1-minute task to keep your family healthy and breathing fresh air, so make sure you have filters on hand — if not, place your order this week.
