

# THE WEEK AHEAD

*march 26th — april 1st*

- Earth Day — Find a Volunteer Opportunity — Or host your own! Helping clean up your local park, river or neighborhood has such an incredible impact on the community you live in - and helps your kids understand the importance of taking care of the environment. We love that it's a way for family and friends to volunteer together and make a positive impact.
- The Masters — Pimentos cheese sandwiches, Arnold Palmers, and... — Start to think about your menu and order any special ingredients. We love ordering this pimento cheese duo from Callie's Hot Biscuits in Charleston to make authentic pimento cheese sandwiches without the hassle of making your own. We're also planning to try to recreate Scottie's Masters Club Dinner.
- Easter — Reminder: Make sure everyone has an outfit to look their best, buy egg decoration supplies, and don't forget to pick up any egg hunt supplies you still need!
- Home — Schedule Window Cleaning — Research the best companies in your area and book an appointment for after the pollen drops in your area. The end of April/ early May is a good estimate.
- Summer — Book Your Hotel or House — Make sure you book your hotel room(s) or house this week to guarantee you get the room/view/house you want.
