- Easter — Buy any new decorations — Now is a great time to order any new decorations you want to decorate for Easter!
- Summer Camp — Book doctor's appointments — It's essential to book your doctor's appointment for all the necessary forms, immunizations, etc., your camp requires. Don't put this off! Doctors officers are busy and need to complete forms at least a few days after the appointment.
- Summer Break — Reminder — Book alternative care for your little(s). Don't put this off - you'll be kicking yourself later. Finalize what weeks your kids will do what camps, and find alternative childcare for the weeks you still need coverage this summer.
- Summer Vacation — Get inspired — It's that fun time of year when you and your family should start to think about what you want your summer vacation plans to be. Enjoy dreaming + coming up with a plan that the entire family will get to look forward to together.
