

# THE WEEKLY LIST

January 17th — January 20th

## Valentine's Day

- Will You Be My Valentine? — It's time to talk to your kid(s) to understand what they want to do for their class Valentine's this year. This is also a great time to confirm how many kids are in your child's class — so you can order the appropriate amount.
- Friendly Reminder — Make sure to book your date reservation (and secure a sitter! if you've got kiddos)
- Do you and the kids have something festive to wear? Check your kids' closets to see if they have something to wear to school for Valentine's Day. Start browsing if you want to pick up something new

## Home

- HVAC — It's time to replace your HVAC filter. Take the 3 minutes it takes to go to your unit, pull out the old filter, and replace the new one. You and your whole family will breathe cleaner air before you know it!

## Children

- Winter Break — Make a plan for when your kids will be off school — be it travel plans or a few fun local activities (museums, shows, etc!)
- Summer Camp — Make sure you fill out and submit the registration form for summer camp. We know it sounds a bit wild, but the best camps fill up quickly, so ensure you get your documents in now to avoid going on their waitlists.

## Travel

- Spring Break— If you want to get away for Spring Break, book your travel and accommodations now to save a bit of money. As we get closer to the date prices will start to go up
