

THE WEEKLY LIST

February 4th — February 10th

Must Do This Week

- Write your Valentine card(s) and wrap your gifts
- Carve out time with your kiddo(s) and put together their valentines so you can enjoy the process versus feeling rushed to assemble them the night before.
- Check your February calendar and buy all presents and cards needed in advance to avoid a last-minute stress (read: stopping at the store on the way to the party!)
- Spring Landscaping — If you're planning any spring landscaping project, now is a great time to contact your landscaper to finalize plans and get on their schedule when it's the optimal time to plant!

Super Bowl

- Buffalo dip, BBQ, chicken fingers, and garlic fries — Whether you're hosting a party or want to have some fun, festive snacks/meals for the big game, think about what you want to eat and add the ingredients to your grocery order this week!

Travel

- Prepare for Winter Break — If you're traveling, pick up cash for tips and drop off anything that needs to be dry cleaned. If you're staying local, plan a fun activity or two (museum, play date, etc. to look forward to)
- Spring Break — If you plan to travel — It's time to plan your itinerary, make reservations, and book any tours for your trip
